

Ragheda Abo Zedan

Software Engineer | Flutter Developer & Quality Assurance

✉ raghdazedan83@gmail.com ☎ [0930485673](tel:0930485673) 📍 Damascus, Syria 🐙 [GitHub](#) [in LinkedIn](#) 🌐 [Portfolio](#)

Summary

Software Engineer specialized in Flutter mobile development, combining core development skills with practical testing and quality assurance practices to ensure robust software delivery. Skilled in writing clean code, handling edge cases, and delivering stable, bug-free applications across platforms.

Education

Damascus University - Faculty of Information Technology

Bachelor's Degree in Information Technology

Software Engineering

09/2021 - 09/2026

Focused on Mobile application development, software testing principles, and software engineering methodologies.

Experience

Darmesk Company

Damascus, Syria (05/2024 - 10/2024)

Worked as a Flutter Developer Intern, contributing to the development of cross-platform mobile applications while performing rigorous manual testing, bug tracking, and UI verification to ensure stability. Gained experience in state management with GetX, integrating RESTful APIs with Laravel backends, and validating edge cases.

Projects

- Musafer - Bus Transport System
 - Developed a multi-tenant intercity transport platform using Flutter, GetX, and Laravel.
 - Integrated **WebSockets**, live **Map & Geolocator** tracking, **locking mechanisms**, **FCM**, and **QR Code** ticket scanning while performing **rigorous testing** to resolve **edge cases**.
- Online Complaint Management System
 - A **scalable, clean-architecture** digital ecosystem for citizen-to-authority communication.
 - Conducted system validation and end-to-end testing for **real-time** status tracking and **FCM** instant notifications to ensure high reliability.
- Architecture-Driven Banking Solution
 - Engineered a scalable digital banking engine using Flutter, **GetX**, and **MVC design patterns**, implementing secure transaction processing, observer-based notifications, and rigorous **failure testing** to handle failure scenarios securely.
- Real Estate & Car Rental System
 - Developed a multi-role marketplace with advanced search filters and **map integrations**; performed **integration testing** on **API endpoints** and **role-based permissions**.

Skills

- 📱 Mobile & Web Development.

Flutter, Dart, GetX, Manual & Functional Testing, Firebase, Clean Architecture, Flutter Web, HTML, CSS, JS
- 🔧 Tools & Technologies

Git, GitHub, RESTful APIs, Laravel Integration, Postman, WebSockets, FCM, Hive, Dio, Map & Geolocator, QR Code Scanner, Stripe
- 🛡️ QA & Testing

Bug Tracking, Integration Testing, Edge Case Analysis, UI/UX Verification
- 🎨 Engineering & Design

Software Engineering Principles, Design Patterns (OOP), MVC, Adobe Photoshop

Certifications

Flutter Development

Online Course (03/2023 - 06/2023)

Web Development (HTML, CSS, JS)

SBK Center (10/2023 - 12/2023 | 60 Hours)

English Course

CCIT (01/2022 - 10/2022)

Graphic Design (Photoshop)

Modern Center (12/2022 - 01/2023)

Languages

Arabic (Native) - English (Professional)
